

REFUND POLICY

All digital sales are final.

Because of the digital nature of these products, no refunds will be given under any circumstances.

By purchasing this product, you agree to the following:

- **You have the correct software for use: Adobe Camera Raw (Photoshop) OR Adobe Lightroom CC Classic (these are computer software programs, not mobile apps).**
- **For mobile filters, you do not need an Adobe subscription, but please make sure you are able to download the Lightroom CC mobile app in the app store before purchasing.**
- **Desktop presets are intended for RAW files only. Please fully understand what RAW means before purchasing. If you don't know what this means, then the desktop presets should not be purchased.**
- **Duplicate purchase refunds will be subject to transaction fees.**
- **The product (and all words, photos, and designs within) is copyrighted and may not be shared between parties or resold. Suspicious download activity will be reported and fined.**

If you lose your downloads (presets or filters) and fail to back them up in a safe place as per the instructions, we can resend you your files within 3 months of purchasing. After this time period, your purchase is completely your responsibility to back up your files in case your device or computer crashes and we will no longer send you your downloads.
